

PROBLEM STATEMENT

BALAJI.R.(621319106306)

IoT enabled micro
irrigation and
farming land health
logging system

Revolutionising the
field of Agriculture
using integrated
technology

Eco-Harvester for
fruits

Detection and
analysing
parameters of
milk at different
stage of
collection

Smart Greenhouses

Great
reliability
and safety

Better
product
development
in the Farming

Advanced
analytics for crop
operations

Tea Industry
